

International Cycling and Event Services Year-round Event Staff 2022

Job Compensation:

\$38,000/salary

Schedule and Hours (typical):

March 1st – December 20th Thursday-Sunday: typically, 32 hours/week

December 21st – January 14th Winter vacation

January 15th – February 28th Thursday-Friday: typically, 12 hours/ week

Job Requirements:

Covid vaccination

Legally able to work in USA

Valid driver's license

DOT Medical card (company will pay)

Ability to drive large truck and trailer (will train)

Ability to lift 50 pounds repeatedly

Work outdoors in various weather

Regional travel

Interest in obtaining a CDL A (company will train and pay)

Job Description:

Work with event staff on the setup and removal of crowd control fence and related equipment from various special events in the northeast region. Drive company vehicles (with and without trailers). Follow build guides and timelines as set forth by the event. Work with other crew members to ensure completion of the job. Prepare trucks for upcoming jobs at our facility in Plymouth. Assist in maintaining equipment and vehicles.

Highlights and Lowlights:

There's too much to list here. See job FAQ for a full description of the work.

Highlights – Our team consists of good people who like to work together. We treat everyone with respect. The pay is pretty good. With this job, you only need to work about 180 days each year, earning about \$26/hour. You also get good exercise while seeing new people and places.

Lowlights – Work is on the weekends. Call time for some events is really early. Sometimes it's raining (though we do buy you nice rain gear). Sometimes we have to carry the crowd control fence further than we'd like.
